TORSION

Maximum strength for high impact & extreme torque loads
Perfect for metal to metal fastening when extreme tightening down is required

Superior magnetism helps the bit grip the screw and prevent cam-out

Ideal for cordless drills

Precision machined tip to avoid slipping for longer life

Premium quality S2 raw material for superior performance

The torsion zone provides maximum strength for high impact & extreme torque loads

Optimum full body hardness for longer service life and less wear

Black oxide finish for extreme corrosion resistance
